

GDPR POLICY

International Freight Transport Inc. respects the rights for all, to protect individual private data. Stakeholders to International Freight Transport Inc can rely on us handling all personal data in a responsible manner. International Freight Transport Inc has implemented the GDPR policy to state, that we will always handle your personal data in a safe and protected way.

International Freight Transport Inc managers are responsible for ensuring this policy are fulfilled. All stakeholders are responsible for handling information correctly and to inform International Freight Transport Inc if any inappropriate behavior is observed.

International Freight Transport Inc are only filing business- and personal relevant data necessary for International Freight Transport Inc business and employee's contractual agreements, and only for legitimate purpose.

By sending unsolicited personal data to International Freight Transport Inc, you accept that we have the right to file the received data. We will ensure that International Freight Transport Inc will not hand your personal data to other stakeholders without your permission.

International Freight Transport Inc maintains a Personal Data Breach register. If any leak is discovered International Freight Transport Inc will remove all data within 72 hours.

International Freight Transport Inc requires that all third-party suppliers, controlling personal data or who have access to any of our personal data, must have a GDPR Policy, with minimum same requirements as International Freight Transport Inc.

International Freight Transport Inc takes responsibility to keep relevant personal data protected, and at any time we can inform which kind of data we have filed in International Freight Transport Inc. On request we will delete any of your personal data, unless this conflicts with local regulations.

We will keep our systems updated and have a high level of security against cyber-attacks to reduce risks of any data leak.

We will fulfil this policy by:

- Implementing and following up on this GPDR Policy, globally.
- Ensuring that all data is identified, evaluated and assessed.
- Maintaining and developing our security systems.
- Communicating openly about the handling of our GDPR.

International Freight Transport Inc will at all times comply with valid EU GDPR legislation and related local GDPR legislation
